Re: Reminder: Pets and Dog Walking Areas

As the warm weather (reluctantly) approaches, and more time is spent outdoors, we would like to take this opportunity to review the Association's Rules regarding pets. Please note:

- Each unit is permitted a maximum of two pets, cats and or dogs, in any combination.
- Dogs and cats must be leashed at all times.
- Dog and cat walking, for the purpose of urination or defecation, is permitted only on the perimeters of the property. Perimeters are areas beyond the parking lots. Perimeters do not include the lawns in front of the buildings.
- Dog and cat walkers must comply with the City of Stamford ordinance requiring owners and caretakers to pick up after their pets.
- Dogs and cats may not be tied on the grounds or off the patios.
- Cats, dogs, squirrels, birds or other animals may not be fed outside any Unit including balconies and patios.
- Unattended pets, cats and/or dogs, are not allowed on patios or balconies.

Please make certain that you and/or your tenants comply with the above rules at all times. A map of the designated dog walking areas is attached for your information.

Thank you for your anticipated cooperation and have a wonderful spring and summer.
